MANITOBA PUBLIC LIBRARY STATISTICS

1983

Manitoba
Culture, Heritage
and Recreation

I am pleased to introduce the eighth annual publication of Manitoba Public Library Statistics. The publication documents the activities of Manitoba's public libraries during their 1983 fiscal year.

This series of publications show that library services in the province continue to grow and that public libraries are an important part of Manitoba's culture.

EXPLANATION NOTES

The 1983 statistics have been compared with the 1982 statistics whenever possible. The 1982 statistics are presented in brackets. Within each category, the statistics are divided into two broad geographical areas: those libraries located outside Unicity Winnipeg classified as RURAL; and the library system within Unicity Winnipeg classified as WINNIPEG. Within the rural geographical area, the libraries are arranged alphabetically. The *Expenditure* figures were taken from the 1983 audited statements. The *Circulation* and *Resources* figures were taken from the library's annual report and *Statistics Canada Annual Survey of Public Libraries*. A dash, —, indicates that no information was submitted.

General Statistics

The population of the province and of the municipalities, and the number of organized municipalities were taken from the *Manitoba Census Population 1971, 1976, 1981 Final Counts*, published by the Manitoba Bureau of Statistics, listing the official 1981 census figures.

Income and Expenditure

INCOME:

Provincial Grant: Total operating and establishment grants paid in respect of the library's 1983 fiscal year under Manitoba Regulation 153/83. The fact that the library's fiscal year corresponds to the calendar year while the provincial fiscal year is April 1 to March 31, may contribute to inconsistencies between the library's audited statement and provincial records. Where this occurs, a footnote is provided.

Operating grants were calculated using 1981 census figures, 1983 equalized assessments, and 1983 proposed municipal levies. The use of proposed levies in the grant calculation may necessitate adjustment in the subsequent year's grant where the audited statement reflects a levy other than that proposed. Such adjustments are indicated in a footnote.

Grant Per Capita: Total provincial grant divided by the total population served by the library.

Municipal Levy: Total tax income and grants in lieu of taxes from the municipality or municipalities which established the library.

Levy Per Capita: Total municipal support divided by the total population served by the library.

Other: Total funds received from all other sources such as lost books, non-resident memberships, donations, etc. Surplus funds, from whatever sources, are not listed here.

Total: Total of Provincial, Municipal and Other income.

EXPENDITURE:

Personnel: Total amount spent for wages, salaries and fringe benefits for library staff.

Materials: Total amount spent on the purchase of books, periodicals, newspapers, audio-visual materials, microforms and other library materials.

Other: Total amount spent on all other items with the exception of furniture and furnishings.

Furniture/Furnishings: Total amount spent on furniture and furnishings out of current revenue. Expenditures associated with the erection of new buildings or renovations are not listed in this category.

Total: Total of Personnel, Materials, Other and Furniture/Furnishings.

Expenditure Per Capita: Total current expenditure divided by the total population served by the library.

Address: Mailing address of central branch of each regional or municipal library.

Resources

A dash, —, indicates that no information was submitted.

Volume: A volume is all material contained in one binding or portfolio, whether it is as originally issued or bound after issue. Paperbacks are included.

Volumes Added: Total volumes added.

Volumes Withdrawn: Total volumes withdrawn.

Volumes Held: Total volumes held.

Volumes Per Capita: Total volumes held divided by the total population served by the library.

Serials: The number of periodical and/or newspaper titles subscribed to and/or donated on a regular basis. A periodical is a serial appearing or intending to appear indefinitely at regular or stated intervals generally more frequently than annual, each issue of which contains separate articles, stories or other writings.

Talking Books: Titles recorded onto audio cassettes for use by the print handicapped.

Sound Recordings: The number of records, record sets, eight track tapes or cassette tapes held.

RESOURCES (continued)

Microforms: Includes microfilm reels and microfiche held.

Languages: Includes French and other (all languages other than English or French) language holdings.

Circulation

A dash, —, indicates that the circulation figures were not listed separately.

Print Material: Circulation of adult and children's books, periodicals and pamphlets.

Films: Total number of films, filmloops and filmstrips lent.

Talking Books: Total number of cassette tapes lent for use by the print handicapped.

Sound Recordings: Total number of records, record sets, eight track or cassette tapes lent.

Interlibrary Loan: Loans to or from libraries which are not an integral part of the same administrative unit.

Total: Total circulation of Print Material, Films, Talking Books, Sound Recordings and Interlibrary Loan.

Circulation Per Capita: Total circulation divided by the population served by the library.
